

# CRAFTSMANSHIP

MEETS PRECISION

Transform Your Course with TDI Golf's Mastery!

# WE HAVE WORKED AT 50 OF THE TOP 100 GOLF CLUBS.

40 Years Performing Golf Course Restoration Services.

## Our Services Include

### ► Bunker Restoration

*Restored 10,000+ bunkers*

#### Certified Installers of:

- Better Billy Bunkers
- Capillary Concrete Bunkers
- EcoBunker Liner

### ► Greens Restoration & Construction

- New green construction
- Capture original greens pad
- Greens regrassing

### ► Tee Restoration

- Reconstruction & expansion

### ► Course work

- Cart paths
- Retaining walls
- Bridge replacement
- Pond Digging

# NOW OFFERING NIGHT CONSTRUCTION

Premium work completed after hours to preserve the club experience.

We offer select construction and restoration projects performed overnight, after the final tee time. Our crews work discreetly and efficiently, ensuring the course is clean, quiet, and fully ready for members by morning—delivering quality improvements without disrupting play.

# IS YOUR DRAINAGE SYSTEM STILL WORKING LIKE IT SHOULD?

Most golf course drainage lines lose capacity every year due to sand, roots, and sediment buildup. If your surfaces stay wet longer than they used to, the system may not be failing – it may simply need service.

## DRAINAGE PERFORMANCE & INSPECTION

We restore flow and show you exactly what condition your infrastructure is in.

### Our Services Include

- ✓ High-pressure jet flushing
- ✓ Outlet locating & clearing
- ✓ Root and blockage removal
- ✓ Optional camera scoping
- ✓ Photo & video documentation
- ✓ Written recommendations for repairs or upgrades
